Office of the President, District Board,
Kolar District,
Dated, Kolar, the 4th June 1920.

D. No 8826
11 6 20

From

Md. Zahiruddin Mecci, Esquire, B.A.
President, District Board, Kolar.

To

ML 219-19—1

B. Ramaswamayya, Esquire, B.A. B.L.
Secretary to the Government of His Highness
the Maharaja of Mysore, Revenue Department,
Bangalore

Sir,

With reference to item No 69 of the responsibility sheet received with the tour notes of the 2nd Member of Council in the Kolar District during November 1918 in regard to the clearing of drinking water wells and ponds in Mulbagal Town, I have the honour to submit herewith correspondence ending with Deputy Commissioner's No H C 429/19-20 dated the 4th November 19 together with report No 29 dated the 26th September 19 from the President Mulbagal Municipal Council.

4 o no 4 14164 230 5 mco 18-7 of 11-1 19

It is seen from the report that there are two ponds in the town Viz Gajagunda and Vittalkunte and the removal of silt therein is not possible on account of water contained in the ponds It has also been reported that silt was removed in the latter i,e, in Vittalkunte 3 years back at a large outlay and the removal of silt again does not seem to be urgent now.

It has been therefore proposed, for the prevention of nuisance, to cover the feeder channel to the Gajagonda pond with slabs and to provide a silt trap against the inlet channel which is bringing in a lot of silt to the Vittalkunte, at an estimated cost of Rs 320/-.

The question of meeting the cost of repairing these was discussed at a meeting of the Municipal Council held on the September 19, and the Council have pleaded their inabili defray the expenditure out of their funds. They have re to approach Government for sanctioning the estimate out drinking water wells fund.

The cost in question is properly debitable to the of the Municipality and under the circumstances represen by the Council I have the honour to request to be inform whether the cost may be met out of drinking water wells

I have the honour to be,
Sir,
Your most obedient servant,

P S Gopalakrao

For President,
District Board, Kolar.

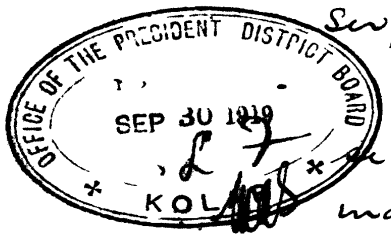
No 1 Note, 1 plan, estimate
Date 26 9 19
Dispatched 28 9 19
Received



Sir,

With reference to Deputy commissioners R H C No 429 L dated 22 / 19 forwarding extract from the town notes of the Temporary member of Council and subsequent remarks there on calling for submission of a report on the clearing of the Drinking water ponds and wells at Mulbagal I beg to submit herewith an estimate in duplicate together with the plan for Rs 320/- for favour of perusal and report as follows

2 There being a considerable quantity of water in the two ponds of town at present it is not possible remove silt accumulated there in without much cost Further I do

appear to be very urgent as the silt in the Vittal Kunte was removed at a large outlay about three years ago So the weeds and other superficial rubbish have been now caused to be removed by the conservancy staff and the estimate prepared is only for prevention of nuisance in the feeder Channel to the gayagonda by covering slabs etc and providing a silt trap against the inlet channel which is now bringing in a lot of silt into the Vittal Kunte pond

The Subject was placed before the Comm Municipal Meeting on 22 9 19 and the Comm are of opinion that as the funds at their credit is very small, the Government may be approached to kindly sanction the amount of the present estimate as a special case out of the Drinking water Fund (Vide copy of the resolution herewith submitted for kind perusal)

4 I beg that a recomendation may be kindly made to sanction the estimate out of the Drinking water wells Fund as a special case in View of the present financial Condition of the Municipality

I beg to remain
